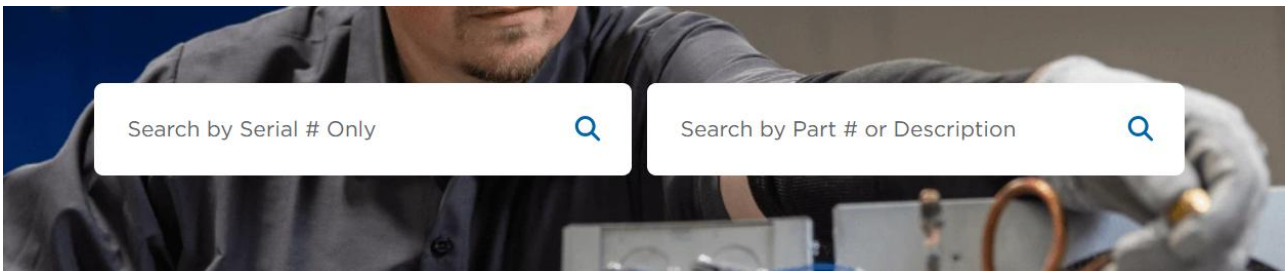
October 2025 Updates

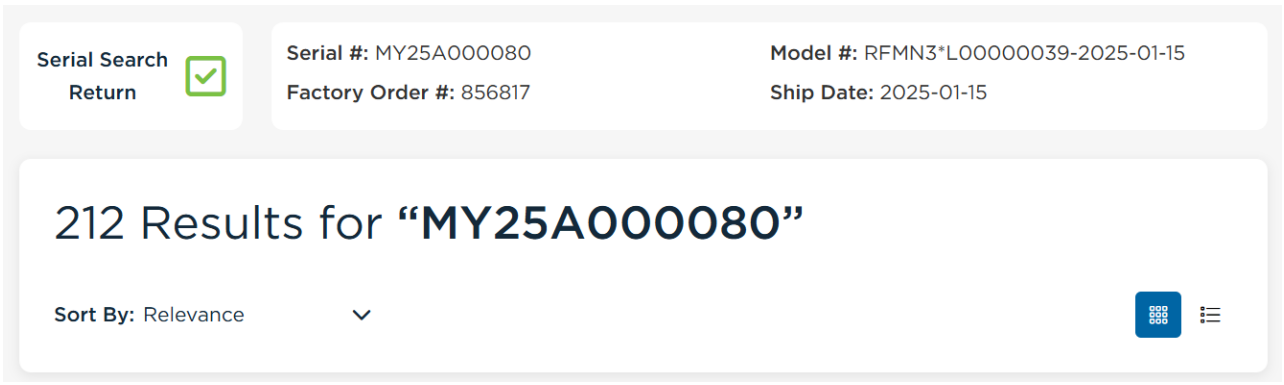
Serial Search + Information Display

A new **dual search box** has been enabled to separate Serial search from Part Number / Part Description search. This allows us to provide more information about your serial search including **confirmation of a valid serial number.**

- Dual Search bar on Desktop & Mobile
- Search confirmation of valid Serial # with same results as before
- Additional info including Model #, Order # and Ship Date



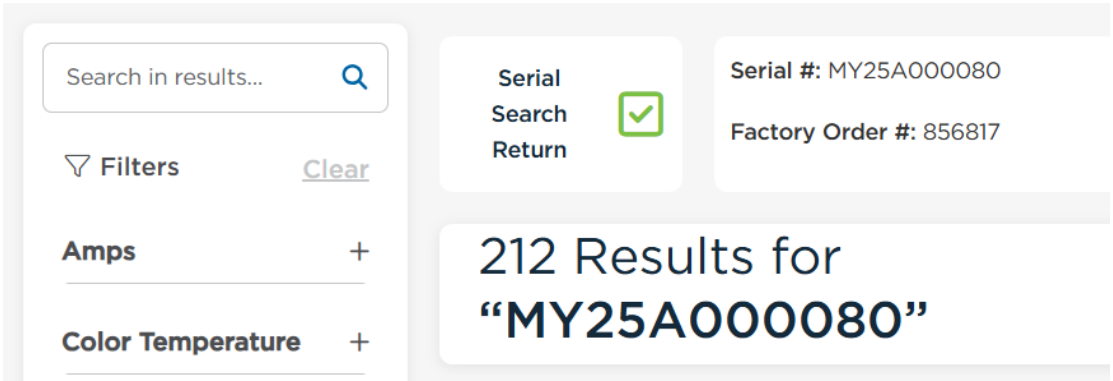
Serial Number Confirmation



Search within results for Serial Search

After searching for your serial number, you can enter any key words to further refine your result in a **new search box above the filters.**

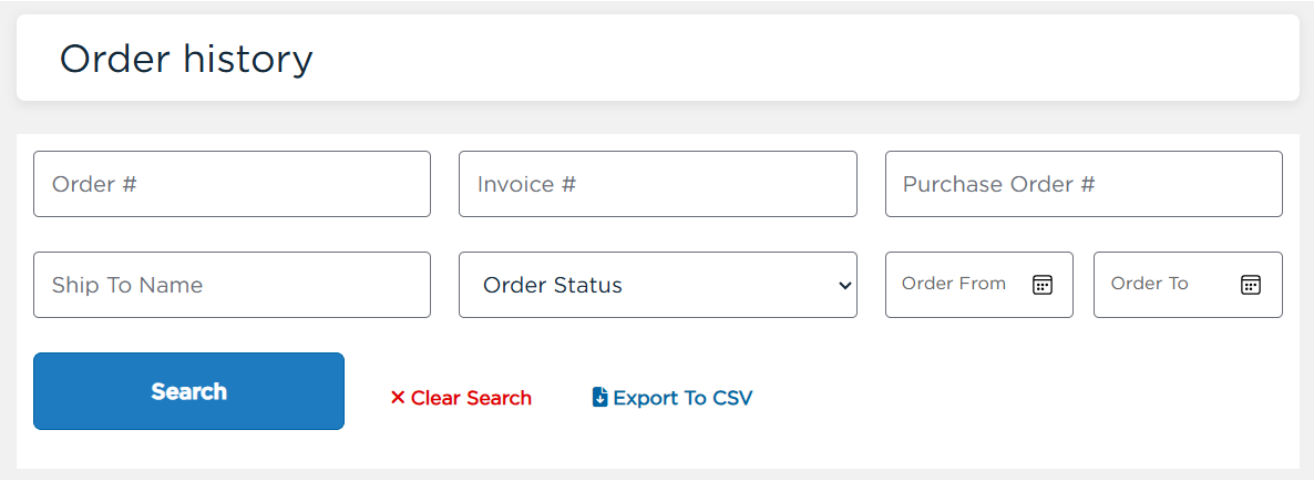
- Search for keyword is applied to your serial search.
- Operates just like a filter.



Order History Search

You now can **search your order history** for specific orders using multiple parameters.

- Search using Order/Invoice/PO number, Ship to location, Order status and/or a date range
- Sort results capability
- Download for further analysis



Address Management

Within My Account and Checkout-Shipping, address management has received a full upgrade to include search and easier navigation.

- Search addresses to easily find the one you need.
